Job Description: Frontend Development Internship

Department: IT
Location: Pune (Hybrid)
Work Model: Full-time / Part-time
Duration: 3-6 Months (followed by potential employment offer)
Compensation: Unpaid

About Us:
Scholarlify aims to empower students by providing them with the necessary tools, resources, and support to pursue their educational aspirations and overcome financial barriers through scholarships, grants, and education loans.

Internship Overview:
We are seeking a motivated and enthusiastic Frontend Development Intern to join our team. This internship offers hands-on experience in building user interfaces and web applications, providing an opportunity to develop key skills while contributing to real-world projects. Under the guidance of experienced professionals, you will gain valuable industry insights and build a strong foundation for your career.

Key Responsibilities:

- Assist in developing, testing, and maintaining frontend applications using HTML, CSS, JavaScript, and relevant frameworks.
- Write clean, efficient, and well-documented code under supervision.
- Debug and fix issues in the existing frontend codebase.
- Collaborate with team members to understand project requirements and translate them into functional interfaces.
- Participate in UI/UX discussions and code reviews.
- Support the team in day-to-day development activities.
- Maintain documentation for frontend code, workflows, and components.

- Prepare simple reports on project progress or UI implementations.
- Learn and apply best practices in frontend development.
- Stay updated with relevant frontend technologies and trends.

Qualifications & Skills:

- Currently enrolled in or recently graduated from a Computer Science related program or course, or having frontend work experience.
- Basic understanding of HTML, CSS, JavaScript.
- Familiarity with frontend frameworks/libraries like ReactJS.
- Understanding of responsive design, cross-browser compatibility, and UI/UX best practices.
- Basic knowledge of connecting frontend to backend APIs.
- Strong analytical and problem-solving skills.
- Eagerness to communicated, learn and take initiative.
- Ability to work independently and in a team environment.

Learning Outcomes:

- Gain practical experience in frontend development projects.
- Receive mentorship from industry experts.
- Build a professional network.

Internship Benefits:

- Internship certificate / experience letter will be provided.
- Reimbursements will be done for expenses incurred if any, subject to reasonable limits.

How to Apply:

Interested candidates should submit their Resume at the below given email.
